

Growing Industries, the Vigorous STSP

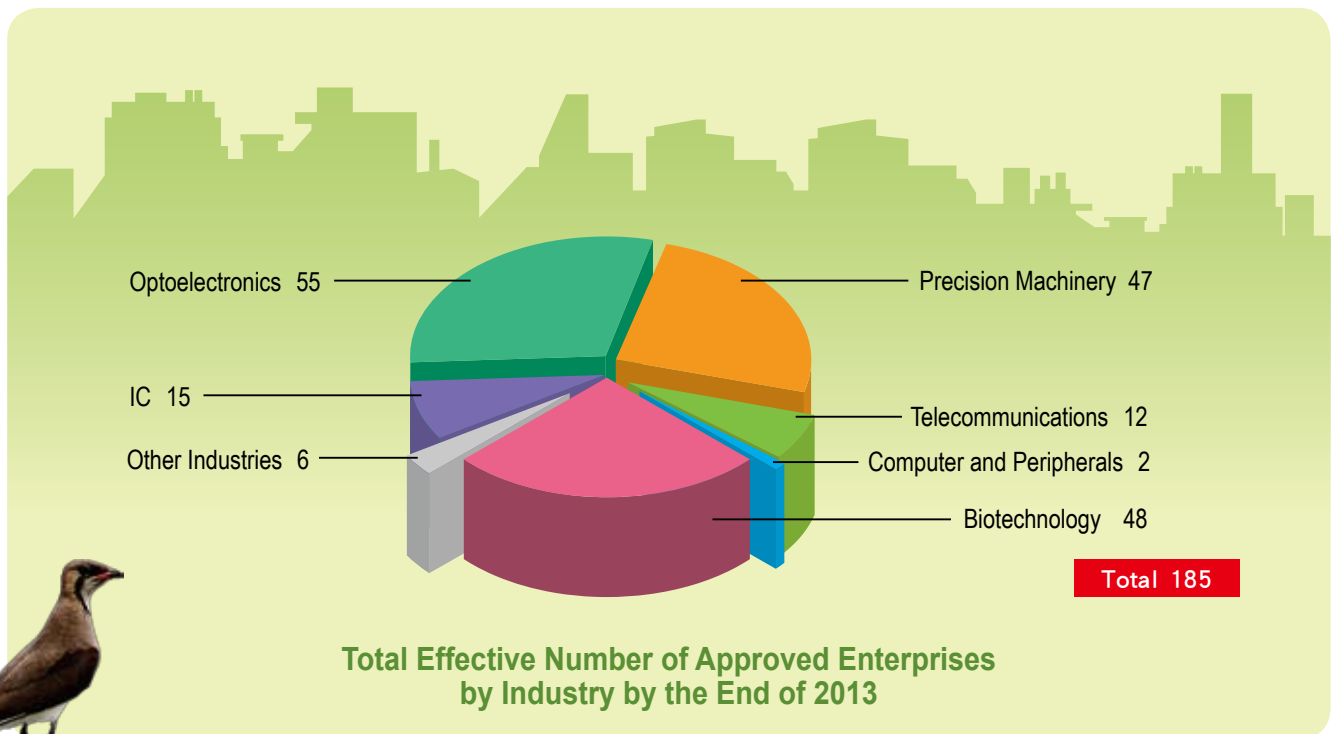

Continuous Investment Rush, Historically High Number of Park Employees

With its superior environment, the STSP, in recent years, has continuously attracted the investment and presence of leading domestic and international enterprises. In 2013, there were 19 new Park enterprises with an increasing investment amount of NT\$5.218 billion, and among them, 12 were built and 13 began mass production. By 2013, there were 185 approved Park enterprises that hired 70,896 employees. All these show the continuous investment rush at the STSP.

Stable Turnover, Soaring Trade Volumes

In 2013, the turnover of the STSP totaled NT\$615.12 billion due to a decline in turnover in the 4th Quarter by 1.1% resulting from an inventory adjustment in the IC supply chain. Overall, the turnover growth was mainly due to the optoelectronics and the IC industries with exports of NT\$416.05 billion and imports of NT\$308.47 billion, a total of NT\$724.52 billion, reaching growth of 29.7% and leading the other two Science Parks in Taiwan.
