2013 ASPA Annual Conference

STSPB delegates from October 8 to 12 went to Korea to participate in the 17th Asia Science Park Association (ASPA) Annual Conference, and in the conference, a presentation based on the development of the medical device industrial cluster at the KSP was made to share with international friends the experience of innovative industrial transformation at the STSP.

2013 IASP Annual Conference

The 2013 IASP annual conference was held in Recife, Brazil, between October 14 and 17. In addition to participating in the conference, the STSPB delegation also visited leading medical device makers, AIKO and White Martins, the founder and Superintendent of Hospital Sino-Brasileiro, Mr. Yeh Lunchun, who immigrated to Brazil from Taiwan, and Chairman of the Smart and Healthy City Conference, Professor Fuad Gattaz Sobrinho. Through experience sharing and exchanges, different perspectives on the development of the medical device industry were learned.
