

## Spring Art Event

On weekend afternoons between March and April, an eight-week exciting performing program was launched in the STSP Spring Art Event. In 2015, based on the theme of "Hearing the Sound of Spring," the Event aimed to return to the essence of music. Music groups with fascinating stories were invited to share with the audience via beautiful singing. Park workers and local residents at their leisure time were able to enjoy the joy of music performances.
